

Rapid Assessment on Disaster and Response Report

Region: Kudur

State: Karnataka

KUDUR REGION

SUHAM Trust is a healthcare vertical of DHAN Foundation addressing the healthcare needs of the vulnerable families by providing health literacy and also accessible and affordable quality healthcare services. Kudur region is having a SUHAM specialty hospital addressing the community health needs.

All the patients have been given equal importance while admission as well as during the treatment

SUHAM hospital is only one which is open for medical treatment in the region

SUHAM Initiatives

In collaboration with the Kudur Government Primary Health Centre, SUHAM has organized awareness programme by displaying posture, portraying the causes, symptoms and preventive measures of Corona virus. Sensitizing the people, who are admitted in the hospital with few symptoms. Taken measures in streamlining the patient flow to prevent the infection spreading among the patients. Created awareness regarding use of personal protective equipment's (PPEs) like masks, sanitizing the hands and personal hygiene.

Patient Inflow

On an average 12 patients with symptoms - cough, cold and fever - are admitted in the hospital. After the lockdown, more than 100 patients visited hospital for the corona diagnosis. As of now, SUHAM hospital in Kudur haven't registered any corona positive cases.
