

## Rapid Assessment on Disaster and Response Report

Region: Gaya

State: Bihar

### GAYA REGION

DHAN Foundation's Gaya region works with 4950 families. 50 to 60% of the male members (husband /son) of our Kalanjiam families are working in various states viz., Tamil Nadu, Kerala, Delhi, Mumbai, Kolkata, Ranchi, Bengaluru etc., involved in various livelihood activities like manufacturing industry, cloth shop and labor work. Due to the lockdown, 30-40% struck at their workplace.

### Livelihood Wages

**Manufacturing & Textile companies**

Rs. 450 to Rs. 550 per day

**Mining**

Rs. 700 to Rs. 800 per day

**Agriculture labour**

Rs. 250 to Rs. 300 per day

**Rickshaw pullers & Street vendors**

Rs. 200 to Rs. 250 per day

**Car drivers**

Rs. 750 to Rs. 900 per day

### Building Immune

Women members are regularly using turmeric, garlic, ginger and pepper.

They are also using Honey and Tulsi leaves.

Regularly taking warm water

On 4<sup>th</sup> March 2020, a medical student from the Sherghati district who returned from China was exhibiting flu symptoms and has been quarantined as a precautionary measure

### Livelihood Impact

Out of 4950 migrant families, DHAN staff reached 1287 families over phone. They are staying at eight different states. They had been employed in various livelihood activities but due to lockdown they are facing the financial crisis

Other side of lockdown is Manpur block has become pollution free block especially free from Nosie pollution
